and NSD File No. L-00-72.

Dear FCC:

I am writing to complain about the proposed changes to the Universal Service Fund and requesting that the FCC investigate this matter further before changing the current policy. Your proposed \$1.00 per month charge for all wireless phones will directly impact my ability to retain my wireless service.

I do not think it is fair to charge EVERYBODY \$1.00 dollar regardless of how they use their wireless phone, especially for a low-volume user that relies on wireless service for safety and security, not interstate calls. The current policy is fair, based on interstate usage, and should be left alone. Please do not penalize us. Keep this fair.

I can not afford to pay for a regular cell phone, I keep my trac phone for emergencies. Please don't raise our charges, we pay the highest for min. then anyone else but then you have to tie into a contract and pay monthly, this I can't do because then thats another monthly bill for me. Please don't raise our charges, raise the charges on the ones that get free long distance and nite time minutes, not people that only have a phone for emergencies. Thank You

Thank you for your prompt attention to this matter. Please provide a written response indicating the status/resolution of this matter.

Very truly yours,
